

# Basic Hydraulic Training System

HTS-2000

EDU-LABS

Work station with component fix on experiments panel complete with hydraulic tubing

System Consist Of :

1. 1HP Capacity Power Unit
  - a) 1 HP Single Phase Electric Motor
  - b) Gear Pump
  - c) Drive Coupling
  - d) Tank Accessories ( Strainer, Breather Cap, Oil Level Gauge)
  - e) 20 Litres Reservoir
2. Manual control valve
3. Pilot Relief Valve
4. Check Valve
5. Hydraulic Cylinder
6. 0 – 100Bar pressure gauge
7. Trolley Type Experiments Panel
8. Instruction & Experiments Manual
